The Research Projects of the Vidyapeetha are carried out not only individually but also as a team work. The control research activity of the Vidyapeetha consists of the preparation of critical editions of higher to unknown and unpublished Sanskrit texts. For this purpose mainly the manuscripts preserved in our Library are used and their text is compared and collated with the manuscripts or copies thereof procured from all over the world. To a limited extent, studies, in problems of Sanskrit language and literature, religion and Philosophy are also conducted. An important feature of this Institute since 1979 is the functioning of a Linguistic Unit which is striving to device means and methods for the simplication of Sanskrit Teaching.

The Vidyapeetha also subscribes all Indological Journals of repute published either in India or abroad. A number of Sanskrit Magazines are also received regularly in the Library.

MANUSCRIPT LIBRARY

The Manuscript Library of this Vidyapeetha contains 44,200 volumes. Of these 1218 manuscripts have been produced in the year 1987-88. These volumes cover almost all fields and Shastras in which Sanskrit books have been written in the past. The nucleus of this Library was formed by the Mss. Collection of Sir Ganganath Jha which was donated to this Institute when it was founded. There were about 13,000 accessioned manuscripts at the time of takeover in 1971. This number has now swollen to 44,200 and most of these 30,000 manuscripts have been purchased in the last few years. Though these manuscripts belong to all branches of Sanskrit learning as already said, the Library is especially rich in the manuscript pertaining to Tantra, Nyaya, Dharmashastra and Sahitya. Many of these manuscripts have been or being edited by the Research Officer and students of this Vidyapeetha and some of them have already been published.

RESEARCH PROJECTS COMPLETED/PUBLICATIONS.

The main activity of the Vidyapeetha is to prepare critical editions of unpublished Sanskrit texts on the basis of manuscripts. However, it also undertakes and carries out other bigger projects. The most stupendous Research Project completed this year after a constant labour of eight years of the compilation of the PUNJABI SANSKRIT GLOSSARY of a dictionary of the words of Sanskrit origin which are in use in Punjabi language. This Dictionary shall be of great help in preparing Sanskrit courses for Punjabi speaking people. The Dictionary was formally released by Hon'ble Dr. Shankar Dayal Sharma, the Vice-President of the Indian Academy of Letters, New Delhi.

of India on the 2nd February, 1988. Praising the Dictionary, he described it as a great academic achievement and hoped that similar Dictionaries in other languages would also be prepared.

The Vidyapeetha has its own publication and sales Unit. The Research Programme of the Vidyapeetha, when completed, are published by the Institute itself and are available for sale. The Vidyapeetha has also been regularly publishing a quarterly Research Journal of Indology since its beginning (1943). This Journal which is running into 44th year of its publication has long since attained an international status and reputed scholars from all over the world regularly contribute to it.

No teacher is imparted in this Vidyapeetha. However, since a few years unique scheme for the preservation of ancient Shastras has been launched by the Ministry of Education Government of India, under which talented students after completion of their studies as well as teachers are selected for a deeper, intensive and profound study of the most important texts irrespective of any restriction of study-period or load of examination. Under this "Shashtra-Chudamani" scheme one vertern scholar, namely Dr. C.B. Tripathi, is attached to this Vidyapeetha.

LIBRARY

The Vidyapeetha is proud of its rich Library of Indological books and journals. It contains approximately 54,000 volumes including 6000 volumes of various journals. In the year 1987-88 708 new books and 127 volumes of journals were added to our stock. It contains not only ancient and rare

text of Sanskrit but also secondary literature and studies on various topics pertaining to Indological subjects such as Indian Religion, Philosophy, History Art and Architecture, Natural Sciences, Literature and Languages. We try to procure all important publications not only in Hindi and English but also written in other European and Indian languages such as German, French, Russian, Italian, Japanese, Bengali, Gujarati, Marathi and Tamil. The procurement system of the Library is so perfect that there is hardly any important publication in the field of Indology published in the past few years which may not be available in our Library.

20 Vidyavaridhi students were registered.

27 students are getting research scholarship.

The editing of 9 books is under progress.
